FRESH, SEASONAL & EXCITING

Since Doggart & Squash was founded, we've been conscious of our impact - we've always championed seasonal menus (because we genuinely believe them to be the most delicious) and tried to minimise our waste wherever we can.

Being 'better' and as sustainable as possible is at the forefront of every decision we make - from how we run the kitchens and choose suppliers, to reducing our waste and giving back to communities.

With this in mind our menus are vibrant and constantly changing to make the most of the local ingredients available.

We ensure that all dietaries are catered for...so pleased let us know.

£1.00 of every lunch is being donated to Choose Love's Ukrainian Support Fund.
